The following piece of poetry was handed to me last evening by a little girl of this city, about 10 years old. She composed it yesterday while at school The Family Quarrel.

The Family Quarrel has begun, And no one knows where it will run; Sister Carrie has gone away, And no one knows how long she'll stay. Sister Lulu is going too, And Papa don't know what to do; Brother Ala has followed her, And every thing is all astir. Carrie has threatened to destroy Quite all our peace, and us annoy; She tries to rise above us all, And make us feel so very small.

Papa says that Carrie is mad. And this I think is very sad; Our peace is gone, our home destroyed, And all our happiness alloyed. Annie. ALABAMA -The news from Alabama, that the

delegates from the northern portion of the State refuse to sign the Ordinance of Secession passed by the Convention, unless that be amended so as to make it imperative until after the 4th of March next, was not unexpected, in view of the fact that a very large public meeting held in Huntsville, the third largest city or town in the State, recently resolved that the people of North Alabama will take up arms against the disunion movement, unless the Ordinance (of secession) be submitted to popular acceptance or rejection. The position of North Alsbama is immensely strengthened by the fact that an analysis of the vote of the whole State in electing delegates to the Convention, shows that the Disunionists per se, though able to control the Convention, were really in a minority of more than ten thousand votes; the counties voting with them having few whites and many blacks, (population), while those voting against them have comparatively whites and few blacks.

THE ONLY PREPARATION WORTHY OF UNIVERSAL CONFIDENCE & PATRONAGE

FOR STATESMEN, JUDGES,

CLERGYMEN, LADIES, and GENTLEMEN in all parts of the world testify to the efficacy of PROF. O. J. WOOD'S HAIR RESTORATIVE and gentlemen of the Press are unanimous in its praise. A few testimonials only can be here given see ci cular for more, and it will be impossible for

47 Wall Street, New York, Dec. 20, 1858.

Gentlemen: Your note of the 15th instant has been received, saying that you had heard that I had been benefited by the use of Wood's Hair Restorative, and requesting my certificate of the fact if I had no objection to give it.

I aware it to you cheerfully, because I think it due. My age is about 50 years; the color of my hair auburn, and inclined to curl. Some five or six years since it began to turn gray, and the scalp on the crown of my head to lose its sensibility and dandruff to form upon it. Each of these disagreeabilities increased with time, and about 4 months since a fourth was added to them, by hair falling off the top of my head and threatening to make me bald.

In this unpleasant predicament I was induced to try Wood's Hair Restorative, mainly to arrest the falling off of my hair, for I had really no expectation that gray hair could ever be restored to its original color except from dves. I was, however, greatly surprised to find, after the use of two bot the only, hat not only was the falling off arrested, but the color was restored to the gray hairs and sensibility to the scalp, and candruff crased to form on my head, very much to the gratification of my wife, at whose solicitation I was induced to try it. For this, among the many obligations I owe to her sex, I strongly recommend all nusbands who value the admiration of their wives to profit by my example, and use it if growing gray or gettine baid. Very respectfully,

To O. J. Wood & Co., 444 Broadway, N. Y.
My family are absent from the city, and I am no longer at No. 11 Carrol Place.

To Prof. O J. Wood: Dear Sir—Your "Hair Restorative" has done my hair so much good since I commenced the use of it, that I wish to make known to the public of its effects on the hair, which are great. A man or woman may benearly deprived of hair, and by a resort to your "Hair Restorative" the hair will return more beautiful than ever; at least this is my experience. Believe it all:

Yours truly, Wm. H. Kenedy.

P. S.—You can publish the above if you like By publishing in our Southern papers you will get more patronage South. I see several of your certificates in the Mobile Mercury, a strong Southern paper.

WOOD'S HAIR RESTORATIVE.

Prov. O J. Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Oricans in 1851, I was induced to make a trial of your preparation, and found it to answer as the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure Finley Johnson.

The Restorative is put up in bettles of three sizes, viz: large, medium and small; the small hold half a pint, and retails for one dollar per bottle; the medium holds at least 20 per cent, more in proportion than the small, retails for two dollars per bottle; the large holds a quart, 40 per cent, more in proper tion, and retails for \$3.

MISCELLANEOUS.

THE AMALGAMATION OF LANGUAGES.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorparate them into our own; thus the word Cephalic, which is from the Greek, signifying "for the head," is now becoming popularized in consection with Mr. Spaicing's great Headache remedy; but it will soon be used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage until they seem "native and to the manor born."

'ardly Realized.

Hi 'ad 'n 'orrible 'eadache this afternoon, hand I stepped into the hapothecaries hand says hi to the man, "Can you hease me of an 'eadache?" "Does it hache 'ard," says 'e. "Hexceedingly," says hi, and upon that 'e gave me a Cephalic Pill, hand 'pon me 'onor it cured me so quick that I 'ardly realized I 'ad 'ad an 'eadache.

Headache is the favorite sign by which nature makes known any deviation whatever from the ratural state of the brain, and viewed in this light it may be looked on as a safeguard intended to give notice of disease which might otherwise escape attention, till too late to be remedied; and its indications should never be nerlected. Headaches may be classified under two names, viz: Symptomatic and Idiopathic. Symptomatic Headache is exceedingly common and is the precursor of a great variety of diseases, among which are Apoplexy. Gout, Rheumatism and all febrile diseases. In its rervous form it is sympathetic disease of the stomach constituting sick headache, of hepatic disease constituting bilious headache, of worms, constipation and other disorders of the owels, as well as renal and uterine affections. Diseases of the heart are very frequently attended with Headaches; Anæmia and plethora are also affections which frequently occasion headache. Idiopathic Headache is also very common, being usually distinguished by the name of nervous headache, sometimes coming on suddenly in a state of apparently sound health and prostrating at once the mental and physical energies, and in other instances it comes on slowly, heralded by depression of spirits or acerbity of temper. In most instances the pain is in front of the head, over one or both eyes, and sometimes provoking vomiting, under this class may also be named Neuralgia.

For the treatment of either class of Headache the Cephalic Pills have been found a sure and safe remedy, relieving the most acute pains in a few minutes, and by its subtle power eradicating the disease of which headache is the unerring index.

BRIDGET.—Missus wants you to send her a box of Cephalic Giue, no. a bottle of Prepared Pills,—but I'm thinking that's not just it naither; but perhaps ye'll be afther knowing what it is. Ye see she's nigh dead and gone with the Sick Headache and wants some more of that same as relaived her before. Druggist .- You must mean Spalding's Cephalic

No ope of the "many ills flesh is heir to" is so prevalent, so little understood, and so much neglected as Costiveness. Often originating in carelessness, or sedentary habits; it is regarded as a slight disorder of too little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated it will bring the sufferer to an untimely grave. Among the lighter evils of Thich Costiveness is the usual attendant are Headache, Colic, Rheumatism, Foul Breath Piles, and others of like nature, while a long train of frightful diseases such as Malignant Fevers, Abcesses, Dysentery. Dyspepsia, Diarrhea, Apopiexy, Epilepsy, Paralysis, Hysteria. Hypochondriasis, Melancholy and Insanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constribution, but take on an independent exist ence unless the cause is eradicated in an early stage. From all these considerations it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglect to get a box of Cephalic Pills on the first appearance of the complaint, as their timely use will expel the insiduous approaches of disease and destroy this dangerous foe to human life. Constipation or Costiveness. dangerous foe to human life.

Physician.—You can get them at any Druggists,

TWENTY MILLIONS OF DOLLARS SAVED.—Mr. Spalding has sold two millions of bottles of his selectrated Prepared Glue and it is estimated that each bottle saves at least ten dollars worth of broken pottis saves at least ten dollars worth of broken furniture, thus making an aggregate of twenty milions of dollars reclaimed from total loss by this valuable invention. Having made his Glue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalic Pills, and if they are as good as his Glue. Headsches will soon vanish away like snow in July.

Over excitement, and the mental care and anxiety incident to close attention to bus ness or study, are among the numerous causes of Nervous Headache. The disordered state of mind and body incident to this distressing complaint is a fatal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cephalic Pills whenever the symptoms appear. It quiets the overtasked brain and soothes the strained and jarring nerves, and relaxes the tension of the stomach which always accompanies and aggravates the disordered condition of the brain.

FACTS WORTH INOWING.—Spalding's Cephalic Pills are a certain oure for Sick Headache, Bill-ous Headache, Nervous Headache, Costiveness, and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Small Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.

Do Did you ever have the Sick Headache? Do you remember the throbbing temples, the fevered frow, the loathing and disgust at the sight of food. How totally unfit you were for pleasure, conversation or study. One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use as occasion requires. use as occasion requires.

By the use of these Pills the periodic attacks of Nervous or Sick Headache may be prevented; and if taken at the commencement of an attack immediate relief from pain and sickness w They seldom fail in removing the Nausea and Headache to which females are so subject. They act gently upon the bowels,-removing Costiveness.

For Literary Men, Students, Delicate Females, and all persons of sedentary habits, they are all valuable as a Lazative, improving the appetite, giving tone and vigor to the digestive organs, and restoring the natural elasticity and strength of the whole system.

he CEPHALIC PI LS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffering from Headache, whether originating in the nervous system or from a deranged state of the stomach.

They are entirely vegetable in their composition and may be taken at all times with perfect safety without making any change of diet, and the ab sence of any disagreeable taste renders it easy to administer them to children.

BEWARE OF COUNTERPEITS! The genuine have five signatures of Henry C. Spalding on each Box. Sold by Druggists and all other Dealers in Medicines.

Friend, do you suffer? Are you the victim of any of those numerous aliments which arise from impurity of the blood? What are they, do you sak? Rather ask, what are they not? The blood is the squree of life and health, and it is the first element of our being to respond to say cause which affects the system, as the pulse infallibly attests. The ever prevailing Neuralgia, the irritating Eryspelas, the subtle Scrofula, the agenizing Rheumatism, Nervous Debility, Dyspepsia, Liver Complaint with its torpor and dejection, and the numberless life that flesh is heir to, derive their hideous origin from the blood. Deal kindly they and gently with the blood. Use the vitalizing resources of nature for its aid, and suffer us to commend to your confidence and use that truly valuable medicament known as

INDIAN VEGETABLE DECOCTION.

With regard to this almost infallible specific popular sentiment has spoken in decided terms, and the evidences of this great efficacy are sustained by constant avowajs of curative effects and the happicet results from its use are after all other remedies and the best medical skill have failed.

Let us say, in conclusion, that certificates curse are not sought from the illiterate and superficial, but they are volunteered from the most respectable sources and justify the highest terms in which it is possible to commend so valuable a specific to public approval. We may add also that the curative properties of the medicine are equalled only by its rostorative effects, the system recovering from disease with renewed constitutional vigor. For sale by all respectable Druggists in this city, and by the reprietor, MRS. M. COX.

IMPERIAL WINE BITTERS,
Are now being used from Maine to the Great Salt
Lake, and the universal verdict of all who use
them either as a medicing or as a beverage, is that
they are unsurpased in the world. Dr. Dods used
them successfully in his practice for it years before
we purchased of him the sole right to manufacture
and present them for rate to the public. For the
cure of incipient Communication, Indigestion, Dyspensia, Piles, Nervous Biseases, Fomale Com
plaints, and all cases requiring a tonic, they are beyond doubt a most invaluable remedy. Aside from
their medicinal properties they are a pure, wholesome and delightful Beverage, producing all the
pleasant exhiberating effects of Brandy or Wine
without their injurious results. Let all friends of
numanity and all advocates of temperance assist
us in substituing these valuable Vegetable Bitters
for the extense resises and adulterated Liquors
with which the country is flooded, and thereby offectually aid in banishing Disease and Drunkeness
from the land.
